

# ITS Massachusetts Membership Application

Contact Person Name \_\_\_\_\_

Organization \_\_\_\_\_

Address \_\_\_\_\_

Phone \_\_\_\_\_ Fax \_\_\_\_\_

Email \_\_\_\_\_

## ***Annual Membership Fees***

- My organization is a member of ITS America. Therefore, I need to contact ITS America, at [www.itsa.org](http://www.itsa.org) or (202) 484-4847, to determine if my organization has selected ITS Massachusetts as our designated state chapter. If so, my organization's annual membership fee of \$200 is enclosed.
- My organization is not a member of ITS America, or is a member of ITS America but has not selected ITS Massachusetts as our designated state chapter. My organization's annual membership fee of \$300 is enclosed.
- I wish to participate in ITS Massachusetts as an individual member. My individual annual membership fee of \$100 is enclosed.
- I am a current student in Massachusetts and wish to join ITS Massachusetts. My annual student membership fee of \$10 is enclosed.

## ***Payment Methods***

Payment by check or credit card is accepted. Please make checks payable to: ITS Massachusetts.

If you wish to pay by credit card, please fill in the following information:

## What Is ITS?

Intelligent Transportation Systems (ITS) encompasses a broad range of advanced technology applications that, when integrated into vehicles and the transportation infrastructure, serve to increase operational efficiency and capacity, improve safety, reduce environmental costs, and enhance personal mobility.

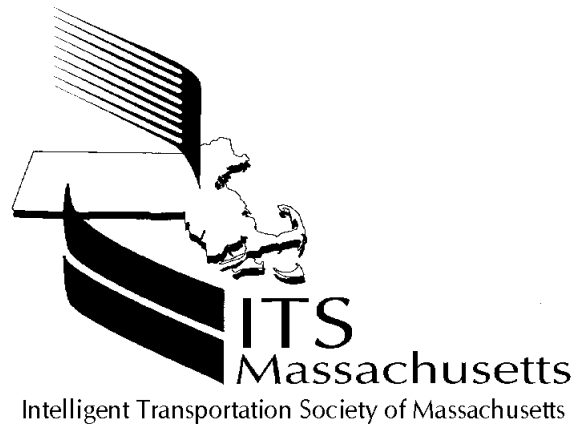

These systems can help monitor and manage traffic flow, reduce congestion, provide alternate routes to travelers, enhance productivity, and save lives, time, and money.

### *ITS in Massachusetts*

The Commonwealth of Massachusetts has a solid foundation in place to support the development and deployment of ITS technologies. Massachusetts features:

- Innovative public agencies committed to continued improvement of the Commonwealth's transportation network.
- Groundbreaking ITS research and support from world-famous universities and academic institutions.
- The presence of successful private-sector firms with established ITS practices.

Therefore, the region is well positioned to continue making significant contributions to the ITS field.

## What Is ITS Massachusetts?

The Intelligent Transportation Society of Massachusetts (ITS Massachusetts) is a non-profit, non-partisan, broadly based coalition of business, labor, institutions of academia, and public agencies – all concerned with the improvement of intermodal surface transportation in Massachusetts.

For over a decade, ITS Massachusetts has served as the premiere organization advocating and supporting ITS in the Commonwealth. ITS Massachusetts is also one of 24 regional chapters of ITS America.

### *ITS Massachusetts Mission Statement*

ITS Massachusetts' mission is to act as a forum and a resource for ITS, to increase awareness of ITS, and to serve as an advocate and champion in mainstreaming ITS technologies and services. We carry out this mission in cooperation with our members and partners, now and into the future.

Our goal is to increase awareness of local ITS projects and ITS benefits among local policymakers, political leaders, and the general public. Our objective is to establish ITS Massachusetts as a resource for information on regional and local ITS projects and ITS benefits.

### *Benefits of ITS Massachusetts Membership:*

- Information sharing and networking opportunities with numerous ITS professionals in Massachusetts,
- Discounted registration for ITS Massachusetts Annual Meeting and Conference,
- Invitation to ITS-related educational seminars and technical meetings.
- Listing on ITS Massachusetts Web site.
- Opportunities to assist in ITS Massachusetts' advocacy, education, and outreach efforts.
